

DIN65LHD MF & DIN75LHD MF

Overlander 4x4 MF

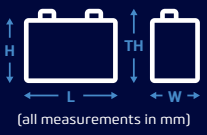

Why choose this battery:

- ✓ Suitable for heavy duty off-road 4x4s including Toyota Hilux, Mazda BT50 & Nissan Navara
- ✓ Dual purpose – starting & semi-cycling capabilities for 4WD accessories
- ✓ Thicker battery plates to deliver superior vibration and impact resistance
- ✓ Maintenance free design

Excessive under bonnet temperatures, continuous vibration, repeated impact from rough uneven roads and the demands of power hungry accessories place extreme demands on a battery's internal components.

Century Overlander 4x4 MF batteries are designed tough using incredibly robust internal components and advanced manufacturing processes to withstand the challenges of Australia's extreme off-road conditions. The range incorporates innovative design features and advanced manufacturing expertise, to deliver the performance needed for off road applications.
