

## FEATURES

- Extended Rearward Facing
- Extended Forward Harnessing
- Air Cocoon Technology™ (A.C.T.)
- Twist & Lift™ Headrest

## FEATURES IN DEPTH

### Twist & Lift™

Optima comes complete with Twist & Lift™ which allows one-handed adjustment of the headrest and harness from the front of the seat. No rethreading straps, no uninstalling – you can get the perfect fit in seconds, and it's never been easier.

### Compact

Measuring an incredibly narrow 440mm across at its widest point in both rearward and forward facing modes, Optima is extremely compact. In fact, in forward facing mode, it's the narrowest Type G (extended harness use) car seat in Australia.

## SUITABILITY

Optima allows for Extended Rearward Facing up to a large 30 month old, and Forward Facing with a harness to a large 8 year old. There is no other car seat in Australia that can offer the absolute best practice safety to a child through all stages of their development – it's the only seat you'll ever need.

**Rearward Facing**  
approx.  
30 months

**Forward Facing**  
approx.  
8 yrs old
